

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878  
Issue date: 27/10/2023 Version: 1.1

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Product name : WOLF COOLANT G11 -36°C  
UFI : YQNA-DH3U-QN47-VJAA  
Product code : 50150  
Type of product : WOLF  
Product group : Blend

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use, Consumer use  
Industrial/Professional use spec : Non-dispersive use  
Used in closed systems  
Function or use category : Liquid for car cooling circuit

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

WOLF OIL CORPORATION N.V.  
Georges Gilliotstraat, 52  
2620 Hemiksem – Antwerpen  
België  
T 0032 (0)3 870 00 00 - F 0032 (0)3 870 00 99  
[msds@wolfoil.com](mailto:msds@wolfoil.com) - <https://www.wolflubes.com/>

#### 1.4. Emergency telephone number

Emergency number : 0032 (0)3 870 00 00

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Acute toxicity (oral), Category 4 H302

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

Specific target organ toxicity – Repeated exposure, Category 2 H373

Full text of H- and EUH-statements: see section 16

### Adverse physicochemical, human health and environmental effects

No additional information available

## 2.2. Label elements

### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP)

GHS07

GHS08

Signal word (CLP)

: Warning

Contains

: ethanediol

Hazard statements (CLP)

: H302 - Harmful if swallowed.

H373 - May cause damage to organs (kidneys) through prolonged or repeated exposure (on ingestion).

Precautionary statements (CLP)

: P101 - If medical advice is needed, have product container or label at hand.

P102 - Keep out of reach of children.

P260 - Do not breathe spray, vapours.

P270 - Do not eat, drink or smoke when using this product.

P301+P312 - IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.

P501 - Dispose of contents/container in accordance with local/regional/national/international regulations.

## 2.3. Other hazards

Contains no PBT/vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name              | Product identifier                                                                                 | %         | Classification according to Regulation (EC) No. 1272/2008 [CLP]         |

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |                                                                                                                                                                                |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : In all cases of doubt, or when symptoms persist, seek medical attention.                                                                                                     |
| First-aid measures after inhalation   | : Adverse effects not expected from this product. Allow affected person to breathe fresh air. Place the victim in semi-seated position. Seek medical advice.                   |
| First-aid measures after skin contact | : Remove contaminated clothing. Wash skin with mild soap and water. If skin irritation or rash occurs: Get medical advice/attention.                                           |
| First-aid measures after eye contact  | : In case of eye contact, immediately rinse with clean water for 10-15 minutes. Contact lenses should be removed. Seek medical attention if ill effect or irritation develops. |
| First-aid measures after ingestion    | : Do not induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Get immediate medical advice/attention.                                          |

#### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                                                                        |
|-------------------------------------|--------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Not expected to present a significant inhalation hazard under anticipated conditions of normal use.  |
| Symptoms/effects after skin contact | : Not expected to present a significant skin hazard under anticipated conditions of normal use.        |
| Symptoms/effects after eye contact  | : Not expected to present a significant eye contact hazard under anticipated conditions of normal use. |
| Symptoms/effects after ingestion    | : Harmful if swallowed.                                                                                |

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                                |                                    |
|--------------------------------|------------------------------------|
| Suitable extinguishing media   | : Foam. Dry chemical product.      |
| Unsuitable extinguishing media | : Do not use a heavy water stream. |

#### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                                                                 |
|--------------------------------------------------|---------------------------------------------------------------------------------|
| Fire hazard                                      | : Not flammable. Heating will cause a rise in pressure with a risk of bursting. |
| Hazardous decomposition products in case of fire | : Upon heating, toxic fumes are formed.                                         |

#### 5.3. Advice for firefighters

|                                |                                                                                                 |
|--------------------------------|-------------------------------------------------------------------------------------------------|
| Precautionary measures fire    | : Exercise caution when fighting any chemical fire.                                             |
| Firefighting instructions      | : Use water spray or fog for cooling exposed containers.                                        |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection. |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

##### 6.1.1. For non-emergency personnel

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Protective equipment | : Wear suitable protective clothing and gloves. |
|----------------------|-------------------------------------------------|

##### 6.1.2. For emergency responders

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Protective equipment | : Wear suitable protective clothing and gloves. |
|----------------------|-------------------------------------------------|

#### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.

#### 6.3. Methods and material for containment and cleaning up

|                 |                                                                            |
|-----------------|----------------------------------------------------------------------------|
| For containment | : Impound and recover large spill by mixing it with inert granular solids. |
|-----------------|----------------------------------------------------------------------------|

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

|                         |                                                                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Methods for cleaning up | : Detergent. Small quantities of liquid spill: take up in non-combustible absorbent material and shovel into container for disposal. |
| Other information       | : Spill area may be slippery. Use suitable disposal containers.                                                                      |

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                               |                                                                                                                                                                                                                     |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling | : Avoid all unnecessary exposure. Both local exhaust and general room ventilation are usually required. Remove ignition sources. No open flames. No smoking. Take precautionary measures against static discharges. |
| Hygiene measures              | : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.                                                                                             |

### 7.2. Conditions for safe storage, including any incompatibilities

|                              |                                                                                                                       |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Storage temperature          | : 40 °C                                                                                                               |
| Heat and ignition sources    | : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.                      |
| Information on mixed storage | : Food.                                                                                                               |
| Storage area                 | : Store in dry, cool, well-ventilated area.                                                                           |
| Special rules on packaging   | : Packaging destined for the general public must be fitted with child-proof closures and a tactile danger indication. |

### 7.3. Specific end use(s)

Anti-Freeze and De-icing products.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1 National occupational exposure and biological limit values

| WOLF COOLANT G11 -36°C                             |                                 |

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|                                                 |                               |
|-------------------------------------------------|-------------------------------|
| Physical state                                  | : Liquid                      |
| Colour                                          | : Blue.                       |
| Appearance                                      | : Liquid.                     |
| Odour                                           | : mild. slight.               |
| Odour threshold                                 | : Not available               |
| Melting point                                   | : Not available               |
| Freezing point                                  | : -36 °C                      |
| Boiling point                                   | : Not available               |
| Flammability                                    | : Not available               |
| Lower explosion limit                           | : Not available               |
| Upper explosion limit                           | : Not available               |
| Flash point                                     | : > 150 °C                    |
| Auto-ignition temperature                       | : Not available               |
| Decomposition temperature                       | : Not available               |
| pH                                              | : 7.5 – 9 50% AQ solution     |
| pH solution                                     | : ≥ 0                         |
| Viscosity, kinematic                            | : Not available               |
| Solubility                                      | : In water, material soluble. |
| Partition coefficient n-octanol/water (Log Kow) | : Not available               |
| Vapour pressure                                 | : 0.06 mm Hg @20°C            |
| Vapour pressure at 50°C                         | : Not available               |
| Density                                         | : 1.061 g/cm³ @ 20°C          |
| Relative density                                | : Not available               |
| Relative vapour density at 20°C                 | : Not available               |
| Particle characteristics                        | : Not applicable              |

#### 9.2. Other information

##### 9.2.1. Information with regard to physical hazard classes

No additional information available

##### 9.2.2. Other safety characteristics

No additional information available

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

None under normal conditions.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

None under normal conditions.

#### 10.4. Conditions to avoid

No additional information available

#### 10.5. Incompatible materials

No additional information available

#### 10.6. Hazardous decomposition products

None under normal conditions.

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 11: Toxicological information

#### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                             |                         |
|-----------------------------|-------------------------|
| Acute toxicity (oral)       | : Harmful if swallowed. |
| Acute toxicity (dermal)     | : Not classified        |
| Acute toxicity (inhalation) | : Not classified        |

#### WOLF COOLANT G11 -36°C

|                |                          |
|----------------|--------------------------|
| ATE CLP (oral) | 526.316 mg/kg bodyweight |
|----------------|--------------------------|

#### ethanediol (107-21-1)

|                       |                   |
|-----------------------|-------------------|
| LD50 oral rat         | 500 mg/kg         |
| LD50 dermal rat       | 10000 mg/kg       |
| LD50 dermal rabbit    | > 5000 mg/kg      |
| LC50 Inhalation - Rat | > 2.5 mg/l/4h @6h |

#### disodium sebacate (17265-14-4)

|                 |                            |
|-----------------|----------------------------|
| LD50 oral rat   | > 5000 mg/kg (OECD TG 401) |
| LD50 dermal rat | > 2000 mg/kg (OECD TG 402) |

Skin corrosion/irritation : Not classified (Based on available data, the classification criteria are not met)  
pH: 7.5 – 9 50% AQ solution

Serious eye damage/irritation : Not classified (Based on available data, the classification criteria are not met)  
pH: 7.5 – 9 50% AQ solution

Respiratory or skin sensitisation : Not classified (Based on available data, the classification criteria are not met)

Germ cell mutagenicity : Not classified (Based on available data, the classification criteria are not met)

Carcinogenicity : Not classified (Based on available data, the classification criteria are not met)

#### ethanediol (107-21-1)

|                                               |                       |
|-----------------------------------------------|-----------------------|
| NOAEL (chronic, oral, animal/male, 2 years)   | 1000 mg/kg bodyweight |
| NOAEL (chronic, oral, animal/female, 2 years) | 1500 mg/kg bodyweight |

Reproductive toxicity : Not classified (Based on available data, the classification criteria are not met)

STOT-single exposure : Not classified (Based on available data, the classification criteria are not met)

STOT-repeated exposure : May cause damage to organs (kidneys) through prolonged or repeated exposure (on ingestion). (Based on available data, the classification criteria are not met)

#### ethanediol (107-21-1)

|                                     |                                                                    |
|-------------------------------------|--------------------------------------------------------------------|
| NOAEL (oral, rat, 90 days)          | 220200 mg/kg bodyweight/day OECD 407                               |
| NOAEL (dermal, rat/rabbit, 90 days) | 2220 mg/kg bodyweight/day OECD 410                                 |
| STOT-repeated exposure              | May cause damage to organs through prolonged or repeated exposure. |

Aspiration hazard : Not classified (Based on available data, the classification criteria are not met)

#### 11.2. Information on other hazards

##### 11.2.1. Endocrine disrupting properties

Adverse health effects caused by endocrine disrupting properties : The mixture contains substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605

##### 11.2.2. Other information

Potential adverse human health effects and symptoms : Ingestion may cause nausea, vomiting and diarrhea

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 12: Ecological information

#### 12.1. Toxicity

Hazardous to the aquatic environment, short-term (acute) : Not classified

Hazardous to the aquatic environment, long-term (chronic) : Not classified

##### ethanediol (107-21-1)

|                        |                                                      |
|------------------------|------------------------------------------------------|
| LC50 - Fish [1]        | 41000 mg/l @96h - Oncorhynchus mykiss                |
| LC50 - Fish [2]        | > 14 – < 18 ml/l @96h - Oncorhynchus mykiss (static) |
| EC50 - Crustacea [1]   | 46300 mg/l @48h - Daphnia magna                      |
| EC50 - Crustacea [2]   | > 100 mg/l                                           |
| EC50 96h - Algae [1]   | > 6500 – < 13000 mg/l                                |
| NOEC chronic fish      | 15380 mg/l @ 7d - Pimephales promelas                |
| NOEC chronic crustacea | 8590 mg/l                                            |

##### disodium sebacate (17265-14-4)

|                      |                                           |
|----------------------|-------------------------------------------|
| LC50 - Fish [1]      | > 100 mg/l Danio rerio, OECD TG 203       |
| EC50 - Crustacea [1] | > 100 mg/l Daphnia magna, OECD TG 202     |
| EC50 72h - Algae [1] | 38.7 mg/l Skeletonema costatum, ISO 10253 |
| NOEC chronic algae   | 3 mg/l Skeletonema costatum, ISO 10253    |

#### 12.2. Persistence and degradability

##### WOLF COOLANT G11 -36°C

|                               |                                            |
|-------------------------------|--------------------------------------------|
| Persistence and degradability | Prevent entry to sewers and public waters. |
|-------------------------------|--------------------------------------------|

##### ethanediol (107-21-1)

|                                 |                                    |
|---------------------------------|------------------------------------|
| Biochemical oxygen demand (BOD) | 0.47 g O <sub>2</sub> /g substance |
| Chemical oxygen demand (COD)    | 1.29 g O <sub>2</sub> /g substance |
| Biodegradation                  | 90 %                               |

##### disodium sebacate (17265-14-4)

|                |                       |
|----------------|-----------------------|
| Biodegradation | 89 % 28d, OECD TG 306 |
|----------------|-----------------------|

#### 12.3. Bioaccumulative potential

##### ethanediol (107-21-1)

|                                                 |       |
|-------------------------------------------------|-------|
| Bioconcentration factor (BCF REACH)             | 10    |
| Partition coefficient n-octanol/water (Log Pow) | -1.36 |

##### disodium sebacate (17265-14-4)

|                                                 |                                     |
|-------------------------------------------------|-------------------------------------|
| Partition coefficient n-octanol/water (Log Pow) | - 4.9 (@20 °C; 7,8 pH; OECD TG 105) |
|-------------------------------------------------|-------------------------------------|

#### 12.4. Mobility in soil

##### ethanediol (107-21-1)

|                 |                 |
|-----------------|-----------------|
| Surface tension | 49890 N/m @25°C |
|-----------------|-----------------|

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### disodium sebacate (17265-14-4)

|                                                            |                   |
|------------------------------------------------------------|-------------------|
| Organic Carbon Normalized Adsorption Coefficient (Log Koc) | 2.429 25 °C, QSAR |
|------------------------------------------------------------|-------------------|

### 12.5. Results of PBT and vPvB assessment

No additional information available

### 12.6. Endocrine disrupting properties

Adverse effects on the environment caused by endocrine disrupting properties : The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %.

### 12.7. Other adverse effects

Additional information : Presents no specific risk for the environment

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Additional information : Dispose in a safe manner in accordance with local/national regulations.

## SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / ADN / RID

### 14.1. UN number or ID number

UN-No. (ADR) : Not applicable  
UN-No. (IMDG) : Not applicable  
UN-No. (IATA) : Not applicable  
UN-No. (ADN) : Not applicable  
UN-No. (RID) : Not applicable

### 14.2. UN proper shipping name

Proper Shipping Name (ADR) : Not applicable  
Proper Shipping Name (IMDG) : Not applicable  
Proper Shipping Name (IATA) : Not applicable  
Proper Shipping Name (ADN) : Not applicable  
Proper Shipping Name (RID) : Not applicable

### 14.3. Transport hazard class(es)

**ADR**  
Transport hazard class(es) (ADR) : Not applicable

**IMDG**  
Transport hazard class(es) (IMDG) : Not applicable

**IATA**  
Transport hazard class(es) (IATA) : Not applicable

**ADN**  
Transport hazard class(es) (ADN) : Not applicable

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### RID

Transport hazard class(es) (RID) : Not applicable

### 14.4. Packing group

Packing group (ADR) : Not applicable  
Packing group (IMDG) : Not applicable  
Packing group (IATA) : Not applicable  
Packing group (ADN) : Not applicable  
Packing group (RID) : Not applicable

### 14.5. Environmental hazards

Other information : No supplementary information available

### 14.6. Special precautions for user

#### Overland transport

Not applicable

#### Transport by sea

Not applicable

#### Air transport

Not applicable

#### Inland waterway transport

Not applicable

#### Rail transport

Not applicable

### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

##### REACH Annex XVII (Restriction List)

Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

##### REACH Annex XIV (Authorisation List)

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

##### REACH Candidate List (SVHC)

Contains no substance(s) listed on the REACH Candidate List

##### PIC Regulation (Prior Informed Consent)

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

##### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

##### Ozone Regulation (1005/2009)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 1005/2009 on substances that deplete the ozone layer)

##### Explosives Precursors Regulation (2019/1148)

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Drug Precursors Regulation (273/2004)

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

### 15.1.2. National regulations

#### France

| Occupational diseases |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| Code                  | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| RG 84                 | Conditions caused by liquid organic solvents for professional use: saturated or unsaturated aliphatic or cyclic liquid hydrocarbons and mixtures thereof; liquid halogenated hydrocarbons; nitrated derivatives of aliphatic hydrocarbons; alcohols; glycols, glycol ethers; ketones; aldehydes; aliphatic and cyclic ethers, including tetrahydrofuran; esters; dimethylformamide and dimethylacetamine; acetonitrile and propionitrile; pyridine; dimethylsulfone and dimethylsulfoxide |

#### Germany

Water hazard class (WGK) : WGK 1, Slightly hazardous to water (Classification according to AwSV, Annex 1).  
Storage class (LGK, TRGS 510) : LGK 10-13 - Other combustible and non-combustible substances.  
Hazardous Incident Ordinance (12. BImSchV) : Is not subject of the Hazardous Incident Ordinance (12. BImSchV)

#### Netherlands

SZW-lijst van kankerverwekkende stoffen : None of the components are listed  
SZW-lijst van mutagene stoffen : None of the components are listed  
SZW-lijst van reprotoxische stoffen – Borstvoeding : None of the components are listed  
SZW-lijst van reprotoxische stoffen – Vruchtbaarheid : None of the components are listed  
SZW-lijst van reprotoxische stoffen – Ontwikkeling : None of the components are listed

#### Denmark

MAL code : 00-3 (Executive Order No. 301 from 1993)  
Danish National Regulations : Young people below the age of 18 years are not allowed to use the product  
Pregnant/breastfeeding women working with the product must not be in direct contact with the product

#### Switzerland

Storage class (LK) : LK 6.1 - Toxic materials

### 15.2. Chemical safety assessment

No additional information available

# WOLF COOLANT G11 -36°C

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

| Indication of changes |                              |          |          |
|-----------------------|------------------------------|----------|----------|
| Section               | Changed item                 | Change   | Comments |
| 9.1                   | Freezing point               | Added    |          |
| 9.1                   | Solubility                   | Modified |          |
| 9.1                   | Density                      | Modified |          |
| 9.1                   | Flash point                  | Modified |          |
| 11.1                  | ATE CLP (oral)               | Modified |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |
| 11.1                  | Reason for no classification | Added    |          |

### Other information

: The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
