

# ALPINE® LHM+

## Special hydraulic fluid

### Properties

- Extremely high viscosity index
- Very low pour point
- Excellent thermal stability
- Very good corrosion protection
- Compatible with seals

### Application notes

**ALPINE LHM+** is a high-performance hydraulic fluid based on mineral oil for central hydraulic systems in PPE motor vehicles with specially marked green fluid reservoirs. Exceeds the performance level of previous LHM qualities.

**Observe manufacturer's instructions!**
