| GAT5200 | Diesel Engine Setting / Locking Tool Kit |

Introduction:

GAT5200 engine setting / locking kit includes tools required for timing belt replacement procedures for 2.0TDCi EcoBlue Belt-in-Oil engine.

The 2.0 Ecoblue 'Panther' engine is the successor to the popular Chain driven TDCi/TDdi 'Puma' engines installed 2000-2018.

The EcoBlue engine features a Belt-in-Oil arrangement from the camshafts to an intermediate gear, with a gear driven high pressure fuel pump on one side and the crankshaft gear on the other side. A shorter Belt-in-Oil runs from the Crankshaft to the Oil Pump.

Kit Content:

| Item | Article Number | Description | OE Reference |
|------|----------------|--|----------------|
| 1 | GAT5201 | Flywheel Locking Tool | 303-1643 |
| 2 | GAT5202 | Crankshaft Setting Tool | 303-1637 |
