

Inspector

Self-diagnosis Equipment

Inspector – the diagnostic and maintenance specialist for Asian cars and commercial vehicles. The Inspector is a multi-brand diagnostic device developed especially for Asian vehicle models and supports you effectively in both demanding diagnostic procedures and in all maintenance and repair work. Our decades of experience with Asian vehicles guarantee the highest standards of quality and safety. Choose the best-selling diagnostic device in Japan.

- comprehensive software for all Asian brands (comparable with OEM)
- best coverage of models and functions for Asian vehicles
- automatic system search function saves complicated and time-consuming identification of the vehicles
- ergonomic hardware design that is ideal for workshops
- three processors ensure the very highest performance

Screen Diagonal:	7 Inch	Battery capacity:	2100 mAh
Bildschirmauflösung:	1024x600	WxHxD:	230 x 146 x 72 mm
Storage Medium:	Flash	Weight:	1,3 kg
Memory capacity:	16 GB	Weight:	96 g
Battery:	LFP Battery (LiFePO4)	Workshop Equipment:	mit Touchscreen
