

RATCHET WINDSHIELD CUTTER

Reference : OC 6498

Item name	RATCHET WINDSHIELD CUTTER
EAN code	3700461400070
Text	This single suction cup kit with pump allows, thanks to the nylon thread, to remove the windscreens without damaging the gaskets, so it is not necessary to disassemble them. The gasket is cut by pulling a wire (or cable) operated by a ratchet system. This suction cup, due to its small size, allows you to work on the windscreens, rear windows and the side panels of a vehicle. Easy to use, it allows a quick intervention (a few minutes) by a single operator and without any physical effort. This tool has been certified by a large number of car makers.
Product highlight	1 operator and effortless cutting
Specifications	Specifications: - universal: compatible with nylon and steel wire (all types: braided, square and triangular) - traction capacity 200kg (compared to 100kg for steel cable) - up to 8 cuts before changing the nylon thread
Contents	Contents: - mono suction cup cable traction system with ratchet - OC4100: windscreen line inserter - nylon wire drawer 25m - protective glasses
Options	Option :

- OC1100 : nylon wire drawer 50m
