

# intAct Premium-Power

Maintenance-free calcium battery (Ca/Ca) | wet charged

Art.No.

**PP60MF**

|                     |                            |
|---------------------|----------------------------|
| Volt                | 12V                        |
| Capacity            | 60 AH (c20)                |
| CCR -18°C (EN)      | 600 A (EN)                 |
| Electrolyte         | diluted sulphuric acid     |
| Electrolyte density | 1,28 +/- 0,01 Kg/l (25° C) |
| Size (LxWxH)        | 242 x 175 x 175 mm         |
| Weight              | 13,8 kg                    |
| Pos. of Terminal    | 0                          |
| Terminal            | 1                          |
| Base plate          | B13                        |

## Usage

## 30% extra starting power

More suitable for highly equipped vehicles with many electrical consumers and in intensive city traffic. With minimal self-discharge, particularly safe and temperature resistant. Our recommendation for vehicles with a lot of equipment, especially if short distances are driven frequently.

- » **30% more cranking power** than standard starter battery with the same case size.
- » **Fast charging. Up to 1.5 times shorter charging time** due to faster current consumption than standard starter batteries of the same box size.
- » **Double lid for increased leakage protection and vapour condensation** (gaseous electrolyte condenses in the labyrinth lid and remains in the circuit).
- » 2 versions: For **passenger cars (also Asia models)** and for **trucks**.
- » **Premium-Power Truck vibration resistant V4** (HVR = High Vibration Resistance).
